**Welcome!**

Our most precious resource is waiting for you. Please, ski carefully and respect seriously the international ski-piste rules, in order to enjoy your skiing days.

Our marked and signed slopes are arranged and checked daily after the closing of the lifts. We remind you that skiing off-pistes is at your own risk.

Ski pistes are closed every day (except from scheduled night skiing) from 5 p.m. to 8 a.m. In these hours it is strictly forbidden to walk on the ski pistes, to cross them and to take along dogs because it might be very dangerous for your life due to the presence of runs, winch ropes, exposed cables and hoses of snow making machines.

Be careful and do not open chair lift bars too early when entering the top terminal.

**The 10 F.I.S. rules**

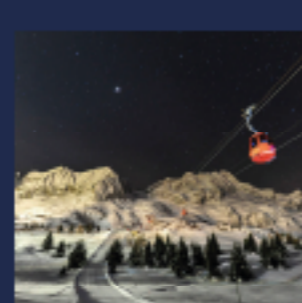

- A skier or snowboarder must behave in such a way that he does not endanger or prejudice others.
- Control your direction and speed of travel, taking account of the terrain, snow, weather and traffic conditions.
- Select an appropriate path. If you are skiing behind someone it's your responsibility to ski around them without causing any danger to them.
- You can over-take from either left or right but you must leave enough distance between yourself and other skiers to manoeuvre properly.
- Before starting off or pulling out you must look up and down the slope and choose an appropriate moment to execute your manoeuvre, so as not to endanger yourself or other skiers.
- Avoid stopping at blind corners or narrow or enclosed places unless you have to (i.e. you're injured). In the case of an injury you must vacate the spot as soon as practicable, to avoid further danger (to yourself or others). You should always stop at the side of the piste.
- You must always use the side of the piste to walk up or down, whether with or without skis on.
- Observe and respect the signs, markings and notices on the pistes.
- You are obliged by law to offer help and assistance in the event of any accident.
- You are also obliged by law to give your personal details in the event of an accident, whether you caused it, witnessed it or assisted at it.
